Re: Grant #1967

Dear Dr. Woodhead:

The Scientific Director and CTR's staff have discussed your letter of February 10 concerning the Symposium on Phenotypic Variation in Populations: Relevance to Risk Assessments to be held at Brookhaven.

This is a topic of interest to the Council, and the program you submitted to us indicates there will be discussion of several areas of importance to our mission. I therefore am pleased to tell you that we will make a contribution of \$2,500.00 for support of the meeting. A check for that amount is enclosed with this letter.

We request only that these funds not be used to pay for expenses incurred by participants from the industrial sector. We would also appreciate your holding open one registration slot for attendance by a representative from CTR.

Sincerely,

Harmon C. McAllister
